- BRAND-NEW ACTION RPG A Game of Epic Proportions! A vast world full of excitement, brimming with enemies, and brimming with quests! The Lands Between is an open world where countless dungeons exist. The action begins as you start your adventure, ready for a brand new action RPG! Unlock heroes! Numerous Elden Lords have entered into the Lands Between and many quests have already been accepted. As you progress, you'll be able to choose the hero of your own design. Create your own fate You can freely select your own gender. In addition, the appearance of your character will have a variety of customizations. Your character can also be designed to evolve according to your play style. ABOUT THE EXCLUSIVE STORIES 7 EXCLUSIVE INTERACTIVE STORIES As the main protagonist, you can participate in content exclusive to the game. Spaceboat your way to the Stars As a beloved and beloved hero, you'll have the opportunity to fight against monstrous beings, chase down huge beasts, or defeat even more epic monsters. Pirate's life Drastically open-world adventure As a pirate, you'll pursue endless new opportunities as you avoid attacks from other pirates in the vast world, as well as everywhere. Hero's Journey A Dungeons and Dragons-style RPG The game focuses on a fantasy world in which each character's actions determine the story. Determined to Change the World You've been given a new chance to change the world. It is time to decide your future. Going home A thrilling story about a fallen hero returning to his home. "I want to go home..." This is the story of a prince who feels he has been corrupted. And when he joins the war to regain his power, he will be guided by the grace of the Gods. ABOUT THE STORYMUSIC In Tarnished, the World of the Lands Between, the soundtrack represents the game's epic setting. Songs which express the energy and exhilaration of adventure, as well as the sorrow of the heart. Data may be shared with a third party in accordance with regulations. ### **Elden Ring Features Key:**

---

Character Name: Elden Ring is solely a story set in the 40 years between 1500 and 1970, and solely based on the myth and the life of Ratatoskr, a dwarven king of the Elder Lineage.

Class: (Warlock, Ranger, Paladin, Mage, Knight) 17 classes with 12 playable classes, 12 playable classes per examining only two classes, and 13+1 classes for total (warlock + paladin)

Weapons: A total of 200 weapon classes with 100 classes for total.

Armor: A total of 198 armor classes with 100 classes for total.

Magic: A total of 161 magic classes.

Items: 14 classes which can't be created through the normal class creation system. As your battle skills increase, you will be able to create more powerful items to equip.

Classes: You can create your own class and raise your companion's skills by equipping Class Pieces that you find and raise.

Companion: Raise your companion's fighting abilities by equipping class pieces when your companion becomes available.

Gods: Face the deep darkness with 15 gods, experience the great power of the gods, and feel the desire in your heart.

Multiplayer: You can connect with others and roam a vast world with them, sharing stories of epic adventure together.

Player's Status: In a single game, you won't be restricted with your status as a level, Examined, Tarnished, and so on, you will level every time you're logged in.

Save: You can save and load your actions up to 160 times. Unlike other titles that save data when you're logged off, you won't ever lose any data while you're playing.

Be the first to not only play, but also live the legend and let your destiny choose.

**Free Elden Ring Activator (2022)**

**1. Unpack the downloaded game 2. Burn or mount the.iso and install  
3. Play the game In case you don't have a.iso file or a mounted  
image in your drive right now, this 3 tutorials from zero to hero may  
be useful : - Missing the mount or.iso : - Install the game after a  
vanilla game install : - Install on multiple partition : Credit of this  
thread goes to the developers of the UD. Info : Download link :  
Credits: Modding Credits: Celce Celce is on Steam. Celce, the creator  
of UD, is a very cool guy. He does great stuff with plugins. With UD  
he has allowed a lot of mods and mods to come to the UD project.  
(Thanks Celce!) All previous credits go to Celce Thanks to the FNG  
team that has invited us to join the UD to help with this update.  
They also helped me translate everything from other languages to  
EN. It's not as hard as you might think. For some reason, there are  
only a few languages for the UD project. ==Dont think they will be  
included in the UD pack for the new update== The latest version of  
the game will be with the new update with a UI and almost all text in  
EN. Some adjustments maybe will be done as the "new update" is  
mostly translation, bug fixes and such. But it's not guaranteed. The  
original version of the game can be found here :**

**How To Install and Crack Elden Ring:**

**First of all, you need an Emu or fmv crack.**

**Download the.rar file you've downloaded, extract it to a folder.  
Run crack software, extract all of the.dll files and put them in the  
game folder.**

Some programs exit and some software has problems, so one of it may fail:

If you get the message "Unknown or invalid usertype", you'll most likely get a error of this sort.

In case, use a video player instead of Windows Media Player. Select your input language and save the file in  
account. You can set this language during the loading process, using the help dialogue.

---

Enabling EAX mode requires a low-quality soundcard sound driver, and there's no particular advantage in playing it with a high-quality card, so it's recommended that you use this way.

Choose to do one of the following, and if necessary, you must use the crack file provided:

Copy the.dll files to the game folder.

Restore the original game from a windows store back up.

Reinstall the game with the patch

Use a RAR archive.

A RAR xyz should be converted from an existing archive created by another RAR archiver.

Use an EXE archive.

## **System Requirements For Elden Ring:**

Processor: Intel i5-4570, AMD A8-3850 or equivalent Memory: 8GB RAM Graphics: Nvidia GTX 460, Radeon HD 6870 or equivalent DirectX: Version 11 Storage: 17GB available space Additional Notes: Multiplayer games online: Copy of original MOBAs with all of the game-play features in the original game, but with all new graphics and interfaces. iMOBAs: New games based on the formula of the original game
