Visual FoxPro 8 Portable Visual FoxPro 8 Portable It is very nice and extremely useful tool. It will allow you to use your fxp file or any other file that you want to convert easily. In order to download it, you should make sure you know where it is and how to use it. The auto redownload feature is very powerful. Download Manual Visual FoxPro 8 PortableQ: SQL Server 2017: Registering users via osql Is there a way in SQL Server 2017 that you can register users into your database using osql? There's no

administration tool to register users (grant rights) in SQL Server Management Studio I've found this - and it references this - Which is great, but how do you get the users in SQL Server 2017? Example SQL Server 2008 dbo.sqlusers that I've registered in SQL Server Management Studio: USE [master] GO CREATE LOGIN testlogin WITH PASSWORD = 'testpassword' GO USE [master] GO CREATE USER testlogin WITH DEFAULT_SCHEMA=[dbo], default_psm = 0, default_language = 1033 GO USE [master] GO CREATE USER testlogin WITH DEFAULT_SCHEMA=[dbo] GO This all works great on our dev SQL Server 2008 VM, but I can't seem to figure out how to register them with osql in SQL Server 2017. A: You can use sp_addrolemember instead: sp_addrolemember username, sysadmin sp_addrolemember username, serveradmin Note that these are different than the user account for which the service account has permissions: that account just has permissions
